ANNUAL SALE OF PERENNIAL PLANTS

ORDERS are now being booked for delivery from the middle of May onwards of the following favourite perennial plants, all of which are hardy to frost, can be grown anywhere and are of the easiest cultivation. They are all strong, open ground roots, not small seedlings stunted in tins; and being dormant, all, except where stated otherwise, can be safely railed or posted anywhere in South Africa or Rhodesia. The sooner they are planted the better will be the flowers next spring.

All the plants offered have been thoroughly proved at our Floral Farms and Trials Ground and we can recommend them with absolute confidence. It is impossible to get anything better anywhere in the world.

The finest of all blue perennial plants. No garden, however small, should be without some.

Mrs. H. H. van R. Harrismith, 24/11/30.
"This is to say how delighted I am with the packet of "Gold Medal" Delphinium Hybrids I got from you last year. 100 per cent. germinated and the blooms this year are the most beautiful I have ever seen and the admiration of everybody. Some were as high as 6 ft. and more and the size of the blooms absolutely gigantic."

Mrs. D. G. H. Graskop, 12/1/31.
"Kindly send one packet Delphinium, Gold Medal Hybrids. The last I had of these Delphiniums have been wonderful."
